

RECORDING AND PRODUCING IN THE HOME STUDIO A COMPLETE GUIDE

## recording and producing in pdf

If you plan to record vocals or live instruments, you'll need at least one microphone. Most microphones record certain instruments and sound types better than others. For example, the Shure SM-57 is a popular choice for recording snare drums (although it has other uses, too) and the AKG 535 EB produces great vocals.

## The Basics of Music Production

More specifically, of course, it's the software that the computer runs that turns it in to a music production powerhouse. This software enables the recording, mixing and mastering of music tracks and is called a 'sequencer' or the rather grander-sounding 'Digital Audio Workstation' (DAW).
