Religion in Global Perspective: Religion and Sexuality

Religion & Sexuality. Sexuality is defined as the way that an individual perceives him or herself as a sexual being as expressed through sexual attitudes and desires. The basic nature of sexual desire and the forms in which that desire is considered normal or deviant have been debated throughout history (Tolman & Diamond, 2001).

Religion and sexuality. Sexual morality has varied greatly over time and between cultures. A society's sexual norms —standards of sexual conduct—can be linked to religious beliefs, or social and environmental conditions, or all of these. Sexuality and reproduction are fundamental elements in human interaction and society worldwide.
