The 2018 Physical Activity Guidelines Advisory Committee submitted its Scientific Report to the Secretary of HHS in February 2018. The report summarizes the scientific evidence on physical activity and health, and the government used it to develop the second edition of the Physical Activity Guidelines for Americans.

Genetically Engineered Crops: Experiences and Prospects

A report from the National Science Foundation recently stated that a majority of young people believe astrology to be scientific, as reported by Science News, Mother Jones, UPI, and Slashdot, among others. Troubling if true, but I believe this to be a faulty interpretation of the NSF report. And I have human subjects data to support this argument.
