Operation Cobra was the codename for an offensive launched by the First United States Army (Lieutenant General Omar Bradley) seven weeks after the D-Day landings, during the Normandy Campaign of World War II. The intention was to take advantage of the distraction of the Germans by the British and Canadian attacks around Caen, in Operation Goodwood and break through the German defenses that were ...

Fouling is the accumulation of unwanted material on solid surfaces to the detriment of function. The fouling materials can consist of either living organisms or a non-living substance (inorganic and/or organic). Fouling is usually distinguished from other surface-growth phenomena, in that it occurs on a surface of a component, system or plant performing a defined and useful function, and that ...
