Safe sex is sexual activity using methods or devices (such as condoms) to reduce the risk of transmitting or acquiring sexually transmitted infections (STIs), especially HIV. " Safe sex" is also sometimes referred to as safer sex or protected sex to indicate that some safe sex practices do not completely eliminate STI risks. It is also sometimes used to describe methods aimed at preventing ...

A safe (also called a strongbox or coffer) is a secure lockable box used for securing valuable objects against theft and/or damage from fire. A safe is usually a hollow cuboid or cylinder, with one face being removable or hinged to form a door. The body and door may be cast from metal (such as steel) or formed out of plastic through blow molding. Bank teller safes typically are secured to the ...

Safe - Wikipedia

A safe is the toughest line of defense for your valuables against burglary and fire. For most homes and businesses burglars will be able to gain entry, regardless of other security equipment.

As a firearm owner, it is your responsibility to ensure that guns in your home are always stored where they are inaccessible to children or other unauthorized persons. Hiding a gun in a closet, drawer or similar location is not safe storage. Safe storage is employing precautions and multiple safeguards that provide an additional barrier against unauthorized use.
