SHAPE UP SHAPE UP

shape up shape up pdf

A Shape-Up, also called a Line-Up or a Edge-up, is a hairstyle that involves cutting along the natural hairline to make it straight.The haircut grew in popularity during the 1980s, typically with those who have Afro-textured hair.. Edge-ups are typically found among men. The barber uses T-shaped clippers ("outliners"), or a sharp razor blade to line up the customer's hair line, circling the ...

Hydraulic fracturing is used in the oil and gas industry to increase the flow of oil and/or gas from a well. The producing formation is fractured open using hydraulic pressure and then proppants (propping agents) are pumped into the oil well with fracturing fluid to hold the fissures open so that the natural gas or crude oil can flow up the well.

Persuasive Techniques in Advertising The persuasive strategies used by advertisers who want you to buy their product can be divided into three categories: pathos, logos, and ethos. Pathos: an appeal to emotion. An advertisement using pathos will attempt to evoke an emotional response in the consumer.
