11. Once the needle pass through the liner (about 45 degree angle) in the back (Tip: make sure that it comes out just right next to the frame), insert the needle back through the liner close to the point where the needle first came out as much as possible -- then pass the needle (about 45 degree angle) through the second hole again to the front -- this will make your liner looks neat without ...

The Color Me fabrics are very thin - lighter weight even than quilting cotton so I had to interface them with fusible craft-weight interfacing to make them sturdy enough for the kids to color on. Fortunately that was the only part of the bag that

needed stabilizing - the other fabrics are duck cloth and canvas for the outer layer, and twill for the inner layer.
