social ontology and collective pdf

A collective is a group of entities that share or are motivated by at least one common issue or interest, or work together to achieve a common objective. [citation needed] Collectives can differ from cooperatives in that they are not necessarily focused upon an economic benefit or saving, but can be that as well. The term "collective" is sometimes used to describe a species as a whole—for ...

1. Marx’s Life and Works. Karl Marx was born in Trier, in the German Rhineland, in 1818. Although his family was Jewish they converted to Christianity so that his father could pursue his career as a lawyer in the face of Prussia’s anti-Jewish laws.

Karl Marx (Stanford Encyclopedia of Philosophy)

This entry concerns dualism in the philosophy of mind. The term 'dualism' has a variety of uses in the history of thought. In general, the idea is that, for some particular domain, there are two fundamental kinds or categories of things or principles.
